

I Served Again

By Jaíne Araújo

One day, after finishing a service project, I was walking past our meetinghouse and saw two sisters who were cleaning the building. My words simply came out: “Sisters, do you need some help?” One of them smiled at me and said that I had arrived just in time because they were the only ones cleaning and they were very tired. She said that she had prayed that the Lord would send someone to help. I was very happy to be an answer to her prayer. I had just finished giving

service to someone else and was also tired, but I followed my heart and offered to serve more.

It is a commandment to work with joy (see D&C 24:7). When we have the desire to serve at all times, we can help miracles happen in other people’s lives. Our lives become more meaningful when we serve. The Lord really does love us, He helps each of His children, and He will give us the strength to serve.
